BC/BP Series Centrifugal Pumps

**Features:**
- impeller retainer or threaded impeller nut options
- stamped volute
- wet ends, motor pump units and carts
- 3A & CIPable

**Sizes:**
- inlet 1½" to 6"
- outlet 1½" to 4"

**Applications:**
- unloading
- transfer
- CIP supply

**Materials:**
- 316L
- buna, EPDM, silicone and FKM elastomers

JRZL Series Positive Displacement Pumps

**Features:**
- front loading seals
- various rotor options
- 1"- 4" models stainless steel gear box standard
- 3A & EHEDG
- 100% CIPable

**Sizes:**
- 1" to 10"

**Applications:**
- unloading
- transfer
- metering
- CIP supply

**Material:**
- 316L

Mix Proof Valves

**Applications:**
- separation of product and cleaning agent
- manifolds
- diversion

**Materials:**
- 316L

**Features:**
- body machined from solid bar
- standard O-rings
- service possible without compressed air
- piggable option

**Sizes:**
- 1" to 6"

Aseptic Seat Valves

**Applications:**
- aseptic isolation
- aseptic diversion
- flow control

**Features:**
- PTFE bellows
- body machined from solid bar
- manual or automated
- various control top options
- 3A and CIPable

**Material:**
- 316L

**Sizes:**
- 1" to 4"
**Personal Care**

**ExD Series "The Hawk"
High Efficiency Centrifugal Pump**

**Applications:**
- CIP
- fluid transfer
- filling

**Materials:**
- 316L
- buna, EPDM, silicone and FKM elastomers

**Features:**
- nut-less impeller and leak detection port
- adjustable discharge port
- 105° without disassembly of casing and front cover
- 3A and CIPable

**Sizes:**
- inlet 1" to 4"
- outlet 1" to 2 ½"

**Bio-Pharmaceutical Fittings**

**Material:**
- 316L

**Finish:**
- PL finish- SF1
- PM finish- SF4

**Sizes:**
- ½" to 6"

---

**Bio-Check Sampling Valve**

**Application:**
- aseptic sampling

**Material:**
- 316L

**Features:**
- valve body from solid bar
- manual override on actuated valve
- 3A & EHEDG
- CIPable

**Size:**
- 13mm x 1.5mm

---

**Diaphragm Valves**

**Applications:**
- isolation
- diversion
- point of use
- control
- aseptic

**Features:**
- circumferential defined sealing angle
- various bonnet, handle and actuator materials available
- autoclavable
- custom manifolds and configurations

**Material:**
- 316L

**Sizes:**
- ¼" to 4"
Dixon®, founded in 1916, is a premier manufacturer and supplier of hose couplings, valves, dry-disconnects, swivels, and other fluid transfer and control products. The company’s global reach includes a wide range of products for numerous industries including petroleum exploration, refining, transportation, chemical processing, food & beverage, steel, fire protection, construction, mining and manufacturing. Dixon®’s strategic objective is to create solutions that make products safer, leak-free, longer lasting, and always available.
